

MIMIR WORKSHOP PROGRAMME

Workshop on Communication and Research Dissemination

LEUVEN CENTRE FOR GLOBAL GOVERNANCE, 7-8-9 MAY 2018

The aim of this 3-days training at KU Leuven, organized by the Leuven Centre for Global Governance Studies, is to transfer knowledge and skills to university staff that will be involved in project applications, especially with a view to research communication and research dissemination in large scale project (e.g. H2020, European Research Council). During the training, KU Leuven staff and associated centres will explain the relevance of how to plan and implement research communication and dissemination in project applications. Moreover, various centres will also provide useful insights into university facilities that can help to underpin a successful research communication and dissemination strategy in large scale projects.

MONDAY 7 MAY

Address: Meeting Room College van Premonstret (03.43)
Naamsestraat 61, Leuven

12:00 - 13:30	Arrival Lunch
13:30 - 14:00	Welcome and introduction <i>Axel Marx</i>
14:00 - 15:45	FRAME Project <i>Anna-Luise Chané, Brecht Lein, Michal Ovádek, Thomas Goyvaerts</i> The FRAME Project was a large-scale, collaborative research project that focused on the contribution of the EU's internal and external policies to the promotion of human rights worldwide. This presentation will provide an overview of best practices on management, dissemination and communication of the research.
15:45 - 16:00	Coffee break
16:00 - 17:15	Massive Online Open Courses (MOOCs) <i>Kenny Verbeke</i> A MOOC can be a very useful tool to communicate research findings through online teaching. It is an online course that is open for enrolment for the whole world. The tools of the MOOC-platform are designed with a view to support very large amount of learners.
17:15 - 18:15	MIMIR Logistical Aspect <i>Mariana Szefer</i>
18:30	Dinner

TUESDAY 8 MAY

- Address 1:** Learning Centre AGORA
Edward van Evenstraat 4, Leuven
- Address 2:** KU Leuven ICTS
W. de Croylaan 52 A, Leuven
- Address 3:** Meeting Room College van Premonstreit (03.43)
Naamsestraat 61, Leuven

9:00 - 10:00	AGORA Facilities - presentation and tour <i>Thea Decombel</i> AGORA is the learning centre for students and staff of KU Leuven. It is an all-embracing learning space, a social hub where students and staff of our university can meet. Facilities like AGORA can provide useful communication and dissemination tools which consortia can build into their project application.
10:00 - 10:30	Transport to address 2
10:30 - 11:00	Welcome and introduction to ICTS <i>Sofie Pieraerd</i>
11:00 - 12:30	Services for researchers <i>Sofie Pieraerd</i> ICTS is the central computer department of KU Leuven. They provide central IT support for education, research, administration and policy. This presentation will provide information on their services, as well as on scientific software, storage and data management.
12:30 - 13:00	DingNet <i>Sofie Pieraerd</i> DingNet creates an experimental environment for Internet of Things (IoT) applications and research.
13:00 - 13:30	Lunch Wrap-up
13:30 - 14:00	Transport to Address 3
14:00 - 16:00	Research Coordination Group Human and Social Sciences <i>Annelies Duerinckx</i> This presentation focusses on lessons which non-European universities can draw from successful research applications in the context of H2020, especially with regard to the importance of communication and dissemination as parts of the research proposals.
16:00 - 16:15	Coffee break
16:15 - 18:15	League of European Research Universities (LERU) <i>Kurt Deketelaere</i> The League of European Research Universities (LERU) is a prominent advocate for the promotion of basic research at European research universities, consisting of 23 universities all over Europe. This workshop contribution focuses on LERU's mission, activities and achievements.
18:30	Dinner

WEDNESDAY 9 MAY

Address 1: Meeting Room College van Premonstreit (03.43)
Naamsestraat 61, Leuven

Address 2: LIMEL
Kapeldreef 62, Heverlee

9:00 - 10:30	KU Leuven Research & Development <i>Hannelore Vanhaverbeke</i> This presentation focuses on the wider benefits of Open Access and Open Data. Furthermore, it will highlight the importance of open access publications, especially in the context of H2020 and other large-scale research applications.
10:30 - 11:00	Transport to address 2
11:00 - 13:00	LIMEL - presentation and tour <i>Anke Pesch</i> LIMEL (the Leuven Institute for Media and Learning) provides support, services and materials for students and staff in producing video and audio material.
13:00 - 13:30	Lunch
13:30 - 14:00	Transport to address 1

Erasmus+

This project is funded by the European Union.
